Advance Directive/Living Will/Health Care Proxy

Tuscany Surgical Center does not honor “do not resuscitate” portion of an advance directive, as we expect all patients admitted to our center to be reasonably healthy. If you bring a copy of an advance directive or living will, a copy will be made and placed in your medical record. Should the need for transfer to a hospital occur, the copy would be forwarded to the transferring hospital.

The law does not require that patients have or make an advance directive.

_____ Yes, I have provided Tuscany Surgical Center with a copy of my Advance Directive/Living Will/Health Care Proxy. The Surgery Center has explained to me their policy regarding the honoring of this document and I agree to proceed with the proposed procedures as scheduled.

_____ Yes, I have an Advance Directive/Living Will/ Health Care Proxy, but I did not bring it to the Surgery Center. (There is no requirement that you bring it to the Surgery Center)

_____ I do not have an Advance Directive/Living Will/Health Care Proxy. The Facility will provide information about Advance Directives upon requests.

I understand that Tuscany Surgical Center does not honor Advance Directives, but will transfer this document with me should the need arise.
